AIMS AND SCOPE

This is the official journal of the International Association for Hydrogen Energy. It aims to provide a central vehicle for exchange and dissemination of basic ideas in the field of hydrogen energy between research scientists and engineers throughout the world. The emphasis will be placed on original research, both analytical and experimental, of permanent interest to engineers and scientists in various aspects of hydrogen energy, namely production, storage, transmission, utilization, as well as the economical, environmental and international aspects.

When outstanding new advances are made in existing areas of hydrogen energy, or when new areas have been developed to a definitive stage, special review articles will be considered.

To encourage exchange of ideas, a section of the Journal will be devoted to discussion of previously published papers. Shorter communications are also invited and should not exceed 1500 words.

As a service to our readers an international bibliography of recent publications in hydrogen energy listed by title, author and source will appear quarterly in the Journal.

Change of address/Airmail delivery/Membership lists

1. IAHE members changing their address should write to: IAHE Co-ordinator, P.O. Box 248266, Coral Gables, FL 33124, U.S.A. Other subscribers changing their address should write to the Publisher at the address below.

2. Members and subscribers in Europe, North America and Japan receive their copies by air at no extra charge. Your journal can be posted by airmail to other parts of the world and details of airmail postal rates can be obtained from the address below.

3. The IAHE membership list can be purchased from the Publisher at £82.00 ($132.00) per 1000 addresses. Enquiries on the above should be sent to: Mr B. Smith, Elsevier Science Ltd, The Boulevard, Langford Lane, Kidlington, Oxford OX5 1GB, U.K.

Publishing, Subscription and Advertising Offices: Elsevier Science Ltd, The Boulevard, Langford Lane, Kidlington, Oxford OX5 1GB, U.K. (*Oxford* 843000; *Telex:* 83177).

Annual Subscription Rate 1994 (including postage and insurance)

Annual Institutional Subscription Rates 1994: North, Central and South America, U.S. $872, Rest of World £585. Sterling prices exclude VAT. Non-VAT registered customers in the European Community will be charged the appropriate VAT in addition to the price listed. Prices include postage and insurance and are subject to change without notice. The members of the International Association for Hydrogen Energy receive the journal free. Subscription enquiries from customers in North America should be sent to: Elsevier Science Inc., 660 White Plains Road, Tarrytown, NY 10591-5153, U.S.A., and for the remainder of the world to: Elsevier Science Ltd, The Boulevard, Langford Lane, Kidlington, Oxford OX5 1GB, U.K.

Second class postage paid at NEWARK, NJ. Postmaster send address corrections to Elsevier Science Inc., 660 White Plains Road, Tarrytown, NY 10591-5153, U.S.A.

Whilst every effort is made by the publishers and editorial board to see that no inaccurate or misleading data, opinion or statement appears in this journal, they wish to make it clear that the data and opinions appearing in the articles and advertisements herein are the sole responsibility of the contributor or advertiser concerned. Accordingly, the publishers, the editorial board and editors and their respective employees, officers and agents accept no responsibility or liability whatsoever for the consequences of any such inaccurate or misleading data, opinion or statement.
